**SUBJECT.**

The Mysore European British Subjects Reinstatement Act 1941.

24.9.41

Serial No.

From

The Secretary to the Hon'ble the Resident

F 37-40/40 dated 10th August 1940

re the matter of the National Service (European British Subjects) Act and Ordinance.

1 The Act and the Ordinance amending the Act are bot put up.

2 Under them, every European British Subject (male) is liable to be called up for national service (subject to certain exceptions). Section 8 of the Act states that the employer by whom a European British Subject called up for service was employed shall be bound to reinstate him in his employment at the termination of such national service on conditions as favourable as i he had continued in such employment.

3 The Residency want to know whether in the case of such persons in the service of Government, Government will agree to accept liability as provided in section 8 Government being consulted before calling up such officer

4 In the case of European British Subjects in privat employment in Mysore, the Residency want to know if we will agree to pass legislation similar to British India care being taken not to duplicate procedure in the case of commerical firms which have branches here.

Flap P and Q.

5 From the file put up herewith it is seen that enquiries were made by the Residency regarding only seven European British Subjects in Government Service, the others perhaps not being liable to be called up on account of overage etc.

NOTE—Contn. Sheet.

6 No data is available about the number of European British Subjects in private employ in Mysor State. The I.G of Police may perhaps have a list of them.

41) 3. The provision relating to the preservation of rights in provident or superannuation funds added in British India by the amending Ordinance (section 7B) in respect o persons called up for civilian employment is also added The similar provision in respect of military employment (section 7C) is not included as the Residency ~~xxx~~ have stated that the section is going to be amended and we need not have such a provision yet. Offering certain remarks on draft Bill sent for their opinion.

The Bill was drafted to give effect to compulsory re-instatement and was sent to the Residency for their remarks, if any. They have now offered the following remarks:-

(1) In the 1st proviso to clause 3, it is not necessary to give power to an European British Subject (who derives it under the British Indian Act) to refer a matter to a tribunal but the power may be given only to the employer. The words "either party" in line 3 may be changed to "he" to give effect to this suggestion.

But it is also suggested that it should be made penal for an employer to fail to obey the order of a tribunal on a reference by an European British Subject under the British Indian Act. This could be given effect to by adding the words "on such reference by the employer or on a reference by an European British subject under the Act and " after the words "that tribunal shall" in lines 4-5 of the proviso.

(2) It is stated that a provision similar to section 7.C. of the British Indian Act should be included. When the Bill was being drafted, the Residency stated that 7.C was under revision in British India and we need not therefore have a similar provision here. Later on, however, they stated that the section was not going to be revised and we may incorporate it. (Paras 49-54 of the notes supra.) The two sub-clauses suggested by

the Residency may be adopted instead of the present clause, the words "Section 7 of" being however omitted.

The definitions of "competent authority" and "prescribed" may perhaps be added as an Explanation to this clause 4. It may not be proper in an independent enactment of ours to provide that "prescribed" shall mean prescribed in British India under a different enactment of theirs. But, for the limited purposes of one section only it may not matter.

The following explanation will be added to clause 4:-

"Explanation:- In this section "competent authority" shall carry the same meaning as in the Act and "prescribed" shall mean prescribed by rules made under this Act or under the Act."

A draft Bill incorporating these changes is put up.

NOTE—Contn. Sheet.

**Final Note by the First Member of Council.**

***Subject.*** —

Promulgation of the Mysore European British Subjects reinstatement (Emergency) Act, 1941.

In August 1940, the Residency suggested the enactment in Mysore of a measure similar to the National Service (European British Subjects) Act, 1940, of British India. By such a measure the liability is cast on the employer of an European British Subject to reinstate ~~the~~ an employee who may be called out for National Service after the termination of such service. From the list of European British Subjects in Mysore kept in the file it will be seen that most of these persons are employed either in the mines on the Kolar Gold Field or in factories or in Government service. It was therefore considered that legislation was not necessary as arrangements could be entered into with the employers for safeguarding the reinstatement of the employees on the termination of the National Service.

The Residency who were addressed in the matter have considered it essential that this liability to reinstate the employee should be put on a statutory footing.

A Bill has accordingly been drafted and the suggestions offered by the Residency thereon have also been incorporated in the Bill. It is proposed to promulgate the Bill as an emergency measure in the first instance and thereafter replace it by a measure introduced in the Assembly and Council and passed in the usual course.

The Dewan and Second Member of Council are agreeable to the action suggested. I solicit the gracious sanction of His Highness to these proposals.

The Mysore European British Subjects (Re instatement) Bill

Serial No.

The Dewan was pleased to order that the question of providing for the appointment of tribunals in our Act may be examined, recognition being accorded thereafter to tribunals appointed in British India.

The functions of a tribunal are firstly to hear appeals from a National Service Advisory Committee on certain matters and secondly to settle disputes between an employer and an European British subject regarding reinstatement on the terms thereof.

The appeals referred to relate to the liability cast on an European British Subject to be called up for national service. An European British Subject is liable under the British Indian Act to be called up for service wherever he may be in India. As such it was not considered necessary to provide for it in our Bill. No provision was also considered necessary in regard to National Service Advisory Committees as they derive jurisdiction over European British Subjects in Mysore under the British Indian Act.

The second function of a Tribunal, i.e., in respect of reinstatement is alone relevant for the purpose of local legislation.

Where a dispute arises between an employer in Mysore and an employee who is an European British Subject, either party may refer the matter to a tribuna. So far as the employee is concerned, he gets the right to make such a reference under the British Indian Act. It is only in regard to an employer that legislation in Mysore would be necessary. Provision has been made for this in our Bill. When a draft Bill providing for

NOTE—Contn. Sheet.

reference to a tribunal by an employer as well as an employee (European British Subject) was sent to the Residency for remarks, they stated our Act need not provide for a reference by the latter and it would be sufficient if provision is made only for reference by an employer. So far as a tribunal is concerned therefore it is only in regard to applications relating to reinstatement and that too only by an employer that provision is necessary in our Act.

The tribunal, it is submitted, gets power to decide such questions affecting employers under our Bill as it is drafted and no change is necessary. A tribunal has been defined under the Bill as one constituted under British Indian Act. As the Tribunal derives its authority only by virtue of ~~one~~ our enactment, there is nothing derogatory to sovereignty by such a provision. The only alternative would appear to be to define a tribunal as a prescribed or specified authority and later on by a rule or notification delegate powers to tribunal appointed in British India.

This does not appear the necessary Amn 15/6

In the Mysore Coffee Market Expansion (Emergency) Act, the Rubber Control Act, and the Tea Control Act, the Committees constituted in British India have been referred to in our Act and powers conferred on them. In the present instance also a similar arrangement has been adopted. Our Bill is complementary to the British Indian Act and provides for what is necessary, to wit; firstly the right of the employer to refer disputes regarding reinstatement and secondly the liability of the employer to reinstate at the termination of the

the national service.

It is submitted that no change appears called for in the Bill.

*Dated Bangalore, the 10th August 1940.*

THE NATIONAL SERVICE (EUROPEAN BRITISH SUBJECTS) ACT, 1940 AND ORDINANCE.

SIR,

I am directed to draw the attention of the Government of Mysore to the National Service (European British Subjects) Act, 1940, (Act XVIII of 1940) published at pages 83-86 of the Gazette of India dated the 13th April 1940, Part IV, and to the National Service (European British Subjects) Amendment Ordinance, 1940 (Ordinance V of 1940) published in the Gazette of India Extraordinary dated the 25th July 1940 and to ask whether in the case of European British subjects employed by the Mysore State, the Government of Mysore will agree to accept liability as provided for in Section 8 of the Act. I am to explain that in such cases the Government of Mysore will be consulted before a European British subject is actually called up and that the needs of the State will be given all due consideration compatible with the requirements of National Service.

2. I am also to ask whether in the case of European British subjects employed in the State, but not in the service of the State, the Government of Mysore will enact legislation so far as this may be necessary, in order to impose on the employer concerned the liability provided for in Section 8 of the Act. In any such legislation it

would

would appear desirable to avoid duplicating action in the cases of business firms, (e.g. certain banks) which, though they employ European British subjects in the State, have their head offices in British India where appropriate action in accordance with the Act and Ordinance will be taken.

Subject:- The National Service (European British Subjects) Act, 1940 and Ordinance.

Sir,

I am directed to invite reference to your letter No. F. 37-40/W, dated 10th August 1940 on the above subject and to state that it is ascertained that there are about 156 European British Subjects in Mysore who would be liable to be called up for national servic under the abovementioned legislation. Most of them are either planters who are not in an sense, in employment, or in the employment of the Government, the Mines at Kolar Gold Fields or some of the factories in Mysore. The Mines (authorities) who were consulted in the matter have expressed their intention to abide by the provisions of the Act and Ordinance. It is also considered that it is sufficient if agreements are entered into with the factories in Mysore providing for guarding the re-instatement of persons who may be called up for national service, in case any of their employees are so called up.

In regard to the factories under the control of this Govt, it seems sufficient to enter into agreements with them providing for the reinstatement of employees who are called up for national service.

I am therefore to state that in these circumstances, Government do not consider it necessary to have any legislation in Mysore on the lines of the British Indian enactments.

I am directed to invite reference to your letter No. F. 37-40/W, dated 10th Aug. 1940 on the above subject, and to state that it is ascertained that there are about 156 European British Subjects in Mysore who would be liable to be called up for national service under the abovementioned legislation.

From an analysis of this figure as given in the enclosed list, it will be seen that most of these persons are ~~in the employment~~ Employees of the Mines at Kolar Gold Fields, or in the Binny Mills or in one of the big factories in Mysore. Of the 31 European British subjects who are not in employment, the majority are planters..

The ~~Mines' authorities~~ Gold Mining companies who were consulted in the matter have expressed their ~~intention~~ willingness to abide by the provisions of the Act and Ordinance relating to re-instatement of their Employees who are called up for National Service. In regard to the factories under the control of this Government, it seems sufficient to enter into agreements with them providing for the re-instatement of their employees, should any of them be called up for national service.

SIR,

I am directed to refer to your letter No.Pol.669, dated the 13th November 1940, and to say that it is considered that a legal liability to reinstate their employees should be cast on employers of European British Subjects called up for national service, and that the enactment of Legislation is therefore essential. SIR,

I am directed to refer to your letter No.Pol.1061 dated the 22nd January 1941, and to offer the following remarks: -

(1) In the first proviso to clause 3 of the draft Bill, power is given to "either party" to refer a matter to a tribunal. It is not necessary for the Mysore legislation to give power to a European British Subject to refer a matter to a tribunal, for he possesses that power under the British Indian enactment whic applies to him proprio vigore. The Mysore Act should it is considered firstly confer that power on an employer only and secondly make it penal for such an employer to fail to obey the order of a tribunal on a reference by a European British Subject under the British Indian Act.

(2) The Mysore Act should cast a liability on an employer to comply with such terms of service of a person called up for service in a civilian capacity as provide for the preservation of certain rights laid down by the competent authority under section 7B of the British Indian Act, and preserve the rights of a person called up for service in one of His Majesty's Forc prescribed by the Central Government as provided by section 7C Clause 4 may, therefore, be substituted by two provisions as

follows: -

follows:-

(a) When any person is called up under section 7 of the Act for service in a specified civilian capacity, and his terms of service in such capacity have been laid down by the competent authority subject to certain prescribed conditions for the preservation of any rights which the person called up may have under any provident or superannuation fund or other scheme for the benefit of employees maintained in connection with the employment he relinquishes, it shall be the duty of his employer to preserve such rights.

(b) When any person called up under section 7 of the Act for service in one of the Forces of His Majesty the King Emperor has any rights under any provident or superannuation fund or other scheme for the benefit of employees maintained in connection with the employment he relinquishes, it shall be the duty of his employer to preserve so long as such person remains in the Forces of His Majesty in respect of such fund or scheme such rights as may be prescribed.

(3) The expression "competent authority" may be defined as in the British Indian Act, and the expression "prescribed" as meaning prescribed by rules made under the British Indian Act.

STATEMENT OF GENERAL PRINCIPLES.

In April 1940, the ~~Government of~~ India Legislature enacted the National Service (European British Subjects) Act, 1940, in order to make certain provisions relating t service by European British Subjects in th armed Forces of the Crown and in civilian employment. This Act applies to all European British Subjects in any part of India.

One of the provisions of the Act is that any employer by whom a European British Subject called up for national service was employed has to reinstate him in his employment at the termination of the national service, subject to certain conditions and exceptions.

In order that a similar liability may be cast on employers, in Mysore, of European British Subjects, the Government of Mysore were requestd to undertake suitable legislation.

As the matter was urgent, an Emergenc Act was promulgated in March 1941. It is considered desirable that the measure should be made permanent and hence the present Bill, ~~is therefore brought forward~~.

## Statement of Objects and Reasons of the Mysore European British Subjects Re-instatement Bill.

In April 1940, the Indian Legislature enacted the National Service (European British Subjects) Act, 1940, in order to make certain provisions relating to service by European British Subjects in the armed Forces of the Crown and in civilian employment. This Act applies to all European British Subjects in any part of India.

One of the provisions of the Act is that any employer by whom a European British Subject called up for national service was employed has to re-instate him in his employment at the termination of the national service, subject to certain conditions and exceptions.

In order that a similar liability may be cast on employers in Mysore, of European British Subjects, the Government of Mysore were requested to undertake suitable legislation.

As the matter was urgent, an emergency Act was promulgated in March 1941. It is considered desirable that the measure should be made permanent and hence the present Bill.

---

The gracious sanction of His Highness was accorded on the 29th of March 1941 to place the Mysore European British Subjects Reinstatement Bill before the Representative Assembly and to introduce it thereafter in the Legislative Council.

The general principles of the Bill were placed before the Representative Assembly during its Budget Session last month and were approved by it. The Bill was taken into consideration by the Council during its recent session and passed by it at one sitting.

As required by Standing Order 45 of the Legislative Council Standing Orders, a copy of the Bill passed by the Council and signed by the President is submitted for His gracious perusal of His Highness.

I solicit the gracious sanction of His Highness to promulgate the Bill into law.

MINISTER FOR LAW.

Submitted to His Highness.

I submit herewith a Final Note by the Minister for Law on the subject of the promulgation into law of the Mysore European British Subjects Reinstatement Bill, for His Highness's gracious sanction.

The Dewan was pleased to order that the question of providing for the appointment of tribunals in our Act may be examined, recognition being accorded thereafter to tribunals appointed in British India.

The functions of a tribunal are, ~~firstly~~ and secondly, to settle disputes between an employer and an European British subject regarding reinstatement or the terms thereof, ~~secondly~~ firstly to hear appeals from a National Service Advisory Committee on certain matters. ~~Such~~ The appeals reported to relate to the liability cast on an European British Subject to be called up for national service.

An European British Subject is liable under the British Indian Act to be called up for service wherever he may be in India. As such it was not considered necessary to provide for it in our Bill. No provision was also considered necessary in regard to National Service Advisory Committees as they derive jurisdiction over European British Subjects in Mysore under the British Indian Act.

The recent function of a Tribunal (i.e. in respect of reinstatement is alone) relevant for the purpose of local legislation is therefore merely in respect of reinstatement.

Where a dispute arises between an employer in Mysore and an employee who is an European British Subject, either party may refer the matter to a tribunal. So far as the employee is concerned, he gets the right to make such a reference under the British Indian Act. It is only in regard to an employer that legislation in Mysore would be necessary. Provision has been made for this in our Bill. When a draft

NOTE—Contn. Sheet.

Bill providing for reference to a tribunal by an employer as well as an employee (European British Subject) was sent to the Residency for remarks, they stated our Act need not provide for a reference by the latter and it would be sufficient if provision is made only for reference by an employer. So far as a tribunal is concerned therefor it is only in regard to applications relating to reinstatement and that too only by an employer that provision is necessary in our Act.

The tribunal, it is submitted, gets power to decide such questions affecting employers under our Bill as it is drafted and no change is necessary. A tribunal has been defined under the Bill as one constituted under British Indian Act. The only alternative would appear to be to define a tribunal as a prescribed or specified authority and later on by notification delegate powers to tribunal appointed in British India.

Even In the Mysore Coffee Market Expansion Emergency Act, and the Tea Control Act, the Committees constituted in British India have been referred to in our Act and powers conferred on them. In the present instance also a similar arrangement has been adopted. Our Bill is complementary to the British Indian Act and provides for what is necessary; firstly the right of the employer to refer disputes regarding reinstatement and secondly the liability of the employer to reinstate at the termination of the national service.

It is submitted that no change appears called
